LOTUS FACIAL

Lotus Cleansing Facial

Hydravitals™

(Normal to dry skin)

Basic CETOM (Cleansing, Exfoliation, Toning & Moisturising) for Normal to Dry Skin type. HYDRAVITALS™ products contain effective ingredients for which nourish the skin and help preserve the natural moisture level. A stimulating massage rejuvenates the skin.

Puravitals™

(Normal to oily skin)

It is the essential CETOM (Cleansing, Exfoliation, Toning & Moisturising) for normal to oily skins. It removes oil deposits, refines the open pores and prepares the skin for the actives.

Rejuvina™

(De-stressing and rejuvenating facial for normal skin)

Rejuvina™ Facial is meant for de-stressing & rejuvenating Dull & sluggish skin. The active ingredient AHA present in this facial gently breaks down dead cells and helps rejuvenate new cells to promote healthy skin and giving over stressed skin a radiant & healthy glow. It also nourishes, hydrates, smoothens & firms the skin.

Recommended: Twice a month

Hydranourish+™

(Moisture surge and nourishing facial for dry skin)

It nourishes the skin to make it soft and supple. The natural active ingredients present in concentrate, complex, and masque provide optimum protection against free radicals and environmental damage.

Recommended: Twice a month

LOTUS FACIAL

Glowdermine™

(All skin types)

This facial impacts glow, shine & brilliance to the complexion. It also brings about a lightening & even skin tone. It detoxifies the skin tissues & balance skin function.

Recommended: Occasional

Dipigmentone™

(Removing pigmentation and other spots)

Based on liquorices herb & aromatic compounds, DIPIGMENTONE™ helps fade out freckles, lightens & even skin tone & helps to reduce hyper pigmentation. Also improves skin texture by nourishing & moisturizing.

Recommended: Once a week

Acnex™

(Pimple & acne treatment for pimple/acne prone skin)

This facial is a compendium of plant extracts that are used in controlling infections of the skin. Their action is to primarily root out infection that produces micro-organisms and render the area aseptic. Keeps the skin clean for longer duration. Recommended for shiny, oily & acne prone skin.

Recommended: Once a week

Instafair

(Melanin control & skin lightening treatment)

High concentrated herbal actives in this treatment have synergic effect to retain the complexion & make the skin fairer & brighter.

Recommended: Once a week

Goldsheen™

(Instant gold like lustre for all skin type)

An exclusive facial incorporating actives for instant gold like lustre. Gold bhasm has a rejuvenating & stimulating effect on the skin due to its metallic action. GOLDSHEEN™ treatment also exfoliates the skin of spots, blemishes & dead cells and at the same time smoothing out the wrinkles. It imparts a resilient tonicity to the skin.

Recommended: Occasional
